Outcomes:

World No Tobacco Day is an important global campaign aimed at raising awareness about the health risks associated with tobacco use and advocating for effective tobacco control policies. As part of our commitment to a healthy and tobacco-free environment, the Department of Zoology at Mugberia Gangadhar Mahavidyalaya celebrated World No Tobacco Day on 31st May, 2023. This project outcome report highlights the activities conducted during the observance and the positive impact it had on our department and the wider community.

1. **Increased Awareness:** The observance of World No Tobacco Day significantly raised awareness about the health risks associated with tobacco use, as well as the benefits of leading a tobacco-free lifestyle. The informative sessions, engaging activities, and creative displays effectively conveyed the message to a wide audience, ensuring that individuals were well-informed about the dangers of tobacco consumption.
2. **Promoting Quitting Efforts:** The project successfully encouraged individuals to consider quitting smoking or supporting others in their journey to quit. The counseling sessions and distribution of cessation resources played a crucial role in empowering individuals to take concrete steps towards a smoke-free life. Many participants expressed their commitment to quitting, demonstrating the positive influence of the observance.
3. **Strengthening Community Bonds:** The World No Tobacco Day observance brought together students, faculty, and staff members, fostering a sense of community and unity within the Department of Zoology. Collaborative efforts towards a shared cause created a positive environment and encouraged ongoing support for tobacco control initiatives. By working together, the department demonstrated its commitment to the well-being of its members.
4. **Spreading Awareness Beyond the Department:** Through social media campaigns, press releases, and community engagement, the activities conducted on World No Tobacco Day reached a broader audience. The impact of the project extended beyond the department's immediate surroundings, contributing to a wider awareness of the harmful effects of tobacco use and inspiring positive change in the community. By leveraging various communication channels, the department maximized its impact and effectively disseminated key messages about tobacco control.
