Report of “A Community Level Health Camp and awareness camp”

Organizing health camp and awareness programmed in rural hospital is very important part of Education .The purpose behind organizing this camp is to make students and people aware about good health and nutritious food .Students and people understand the importance of a healthy body and aim at adopting a healthy lifestyle. Nutrition is a basic necessity to lead the healthy life.The goal of organizing health camp is to build a healthy nation.

It is required to check our health to reduce the health problems and disease. In rural areas many people are suffering from various health related problem but they are unable to check their health .So we organized this type of health check up camp and awareness pregame with the help of NSS Department of our college..This year we also organized A Community Level Health Camp on 20 th May, 2023 at 9 a.m. with 21 student (3 male and 18 female)and one Faculty member. 16 community people participated in the programme. In that camp our students checked their health by measuring blood pressure, body weight, body height, MUAC, Blood grouping. Our 6th sem student presented their poster for awareness. So the programmed was successfully completed.
