Report on observation of “World Haemophilia Day” :

World Hemophilia Day is a global health care event celebrated on the 7th April every year, started by the World Federation of Hemophilia with the intention to raise a call for the government authorities and local policy makers for the provision of a better treatment and care in addition to promote better control and prevention with Haemophilia. It's a severe inherited haemorrhagic disorder, caused by malfunction of factor VIII and factor IX protein leading to an abnormality in blood coagulation.

The program started with the speech of departmental teacher Ms. Keya Dash. After that student of B.Sc. 6th sem students Sanchita Patra and Parboti Ghorai present her topic through PPT. There were 33 students and 5 teachers present. Programme was successfully ended.
