Introduction

Online learning (e-learning) describes any form of pedagogy delivered using digital technology. Such methods incorporate visual graphics, text, animations, videos and audio. In addition, online pedagogy can also facilitate group learning, and the assistance of instructors within specific fields (Wan Aziaris, 2015).

For the purpose Department of Physical Education (DEP), Mugberia Gangadhar Mahavidyalaya(MGM) arranged on **12th December 2022 to 1st May 2023** the online NET, SET, SSC, PSC classes through the use of Google meet for the BPed. & MPed. Students of MGM.

Outputs of Online Coaching Classes :

1. Efficiency

Online Coaching learning offers teachers an efficient way to deliver lessons to students. Online Coaching learning has a number of tools such as videos, PDFs, podcasts, and teachers can use all these tools as part of their lesson plans. By extending the lesson plan beyond traditional textbooks to include online resources, teachers are able to become more efficient educators.

2. Accessibility of Time And Place

Another advantage of online coaching education is that it allows students to attend classes from any location of their choice. It also allows schools to reach out to a more extensive network of students, instead of being restricted by geographical boundaries. Additionally, online lectures can be recorded,

archived, and shared for future reference. This allows students to access the learning material at a time of their comfort.

Thus, online coaching learning offers students the accessibility of time and place in education.

3. Affordability

Another advantage of online coaching is reduced financial costs. Online education is far more affordable as compared to physical learning. This is because online learning eliminates the cost points of student transportation, student meals, and most importantly, real estate. Additionally, all the course or study materials are available online, thus creating a paperless learning environment which is more affordable, while also being beneficial to the environment

4. Improved Student Attendance

Since online coaching classes can be taken from home or location of choice, there are fewer chances of students missing out on lessons.

5. Suits a Variety of Learning Styles

Every student has a different learning journey and a different learning style. Some students are visual learners, while some students prefer to learn through audio. Similarly, some students thrive in the classroom, and other students are solo learners who get distracted by large groups.

The online coaching system, with its range of options and resources, can be personalized in many ways. It is the best way to create a perfect learning

environment suited to the needs of each student of Mugberia Gangadhar Mahavidyalaya.

List of teachers those have taken the online classes

Sl. No.	Name.	Designation	Date	Topic
1.	Dr. Atanu Ghosh	Asst. Professor, DPE, Jadavpur University	11.12.2022 & 01.03.2023	Training Load & Adaptation
