## Industrial visit Tasty Bakery 09.04.2021

### Report:

Department of Nutrition organized a one day Industrial visit at Tasty Bakery, contain, Purba Medinipur, on 9<sup>th</sup> April 2021. Total M.Voc 1<sup>ST</sup> Semester 33 students (male-10 and female-23) with 5 faculty members (Male: 03 and Female: 02) participated in this visit. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms. The students are very much interested and motivated by observing the food industry. They requested our department to organize that type of industry visit in every year.

**Some photos of the industrial visit:**

5. Have you any opinion about this type of industrial visit?

Industrial visit is very good &  
Communication problem is good.

Souman Das

**RESOLUTION:**

1. The art of baking remains a fundamental skill and is important for nutrition as baked goods, especially breads, are a common and important food from an economic and cultural point of view.
2. A person who prepares baked goods as a profession is called a baker.
3. Bakery food safety programs minimize the risk of bacterial, physical, and chemical contaminants in the final bakery products.
