PHILOSOPHY OF CAMP

Camping can be educational as well as recreational. Furthermore the modern age has made recreational skills almost as important as educational skills. Down through the long centuries, history shows that the greatest care has been spent on camping and living in the out of doors. The historical role of camping is not new in the country. Historically camping goes back to the dawn of civilization. Long before there were class rooms, text-books and libraries, people learnt from one another as they struggled to survive in the environment. Camping was at its peak during the Epic age.

Modern organized camps are becoming more democratic, allowing for free participation in activities and in planning of the programme. The interests of campers are ascertained by means of various devices and used as the basis of programme working. The term organization is given to the process of bringing individual elements in a situation into such relationship with each other that they will function as a whole in achieving the central purpose of the enterprise. Since there are many parts in every camp, the necessity of organization is immediately to function effectively in the achievement of its purpose.

Kilpatrick says, "The camp can be thus helping spread a more adequate ideal of education. They (teachers, leaders) must work in season and out that the young committed to them shall live, live well, live nobly finally that they live in their hearts the kinds of traits worthy to be fixed in habit and character". This is the role of the camping education today.

The campers aim in attending camp is 'fun'. He judges every activity on the basis of pleasure and interest. To fail to satisfy the campers aim will result disastrously. The camp provides the experiences that are indigenous to group living in the out of door setting. Through acquiring skills and through participation in the group activities campers gain self-confidence and set their feet on the path of creativity, initiative and co-operation.

THE BASIC BELIEFS FOR THE CORE OF LEADER'S TRAINING CAMP

1. Familiarity with, and knowledge of the natural environment is the birth right of everyone.
2. An understanding of social relationship as developed through close and continuous contact with teammates is essential to growth.
3. Ability to recognize casual relationship as exemplified in the responsibility assumed for freedom choice, and self-determination, is a part of the maturation process.
4. Skills in caring for one's self and others, learned quickly and thoroughly with friendly counselors, are highly desirable.
5. Proper attitudes concerning authority and responsibility in a democratic society are a "must" for future citizens.

The characteristics elements that constituted an organized camp include Persons, Outdoor life, Living groups, A camp community Leadership and conditions designed to satisfy personal needs and interests and to stimulate wholesome personal social and spiritual development.

1. To further the welfare of camper and leaders through camping.
2. To extend the recreational and educational benefits of out of the doors living.
3. To give emphasis in camping to leadership and citizenship training in keeping with the principle and traditions of democracy.
4. To give emphasis to spiritual of opportunities through camping.

Camp Site

Morning Assembly

ORGANISATION

Many camps now follow the system of unit decentralized camping, which have been sparking plugged by the girl scouts. Here the large group is broken up into the smaller units of twelve to twenty-four campers who live more or less independently and carry on their own activity just as though they constituted a small camp of their own.

Camp Site

The camp site must be situated away from densely settled areas in order to give campers a sense of independence and resourcefulness. The site should provide facilities for nature study, handicrafts, swimming and if possible boating. Tent age or housing for sleeping quarters must be provided and must give proper protection against the weather adequate first-aid equipment must be provided. Necessary firefighting equipment must be provided. Adequate precautions should be taken to ensure sanitary conditions in the camp. The petrol system must be used.

The camp should have a master's site plan for development for improvement. Blue prints or charts should be available to indicate the location of all utilities and sanitation lines. A good camp site should provide the maximum privacy. The area provided for camp site should have nature resources, to enrich an outdoor living experience to campers.

Food

For camper's point of view, food represents major source of satisfaction or of dissatisfaction with the entire experience in the camp. Food represents 40% to 50% of the total operating budget. Food plays an important role in the camp life. A trained dieter is responsible for ordering the food, planning, menus and cooking and serving of food. He has also to supervise the cook and other workers and with directly under the mesh director. He is responsible for storage of food supply, record of menus, out trips, special food, problems, food policy and prepare a report of his experience in food service.

Business Management

Management, particularly business (financial) management has a distinct function in camping and has bearing on the social adjustment, personality development and character growth of an individual who is in camp. To have a sound foundation on financial procedure the administrator should be well versed and a capable person to hand this department nicely.

Camp committee and the director should know the financial picture of operation, statement of balance sheet in business indicating cash, property fund and liabilities etc. Resources should be shown separately in balance fund groups.

The camp director is responsible for the training process that qualifies the office personnel for its special duties. Because many items of equipment and supplies need to be moved back and forth between a camp and city headquarters, a great deal of care is to be taken to provide maximum simplicity in the records system and equipment weight.

Budget

Budgeting is a part of planning in financial terms. The following points should be considered for the implication of budget:-

1. Forecasting and estimating income and expenses over which the camp has no direct control or only partial control.
2. Planning involves identifying those factors that can be controlled by the camp such as number and type of staff.
3. Co-ordination is a matter of relating the various functions and activities of the camp to each other.
4. Control is the management effort to realize the plans that have been made and to adjust to outside conditions that may have changed during the operation of the plants.
5. Review and analysis are close to the control aspect and necessary during the course of budget operations to appraise early forecasts and plans and also to appraise the success of the control system.

The period for this leaders training camp is very short which shows that reliance on weekly statement for control of camp operations during this period is not very effective Each day income and expenditure indicate the current condition of operations as compared to be budget to be budget goal sharing experiences between camps is a valuable experience.

❖ **Mind:**

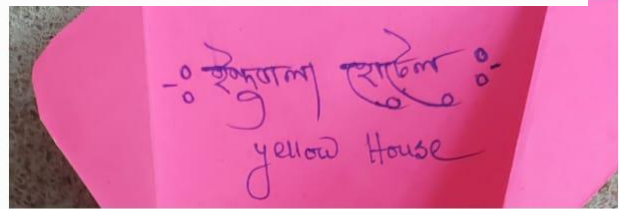

I am mind. I do govern every man. In my absence man can't think about himself. Feeling, thinking, creation and everything is possible by me.

Both Body and Mind: But we both can't give the totality to human being.

❖ **Spirit:**

I am the Spirit. I synchronize both body and mind to act accordingly. In my absence the man can't do anything. I give the totality to human being.

CAMP DAYS

Camp days are one of the best days in one's life. In simple words, it is the time to escape from modern society and connect to nature. Those days are full of thrill, chill and mostly adjusting to the changing environment. Though camp days are full of tensions all the time, but those tensions are like bags of fun. They offer activities in the social setting, usually in the community. It teaches an abundance of skills in a short period of time. Camp often stands to be very theatrical and effeminate, with over-the-top mannerisms. Camp makes us mature socially, emotionally, intellectually and physically. It educates us on how to discover our talents, interests and values.

Day 1 (20st December, 2023)

The day, 20.12.2023, has finally arrived to visit our camp after a protracted wait. At 8.30 a.m., we are expected to leave our hostel and head to Henria station. By bus, we arrived at Henria station. The train arrived at 10.30 in the morning. At 1:00 pm, we arrived at the Paniparul Mukteswar High School. We moved inside our classrooms, arranging our belongings and bedding accordingly. At three p.m., the assembly whistle blew. We convened for the meeting. The moment has come to acquaint yourself with the new surroundings. We got to work cleaning the school's campus after assembly.

The delicious smell of evening refreshments filled the air as the clock reached 4.30 p.m., providing a nice diversion before the evening cultural performance, which ran from 5:00 p.m. to 07.30 p.m. That was an excellent program, and no home had such preparation. Teachers met for a discussion with group and camp leaders at 8:45 p.m. Then the dinner whistle blew. We all ate dinner together at 9:00 p.m. cleaned up and prepared the room for decoration the next day. All of the lights turned off around 9:30 p.m., and we settled into our beds.

DAY 2 (21nd December, 2023)

Waking up alarm blew at 5.30am sharp. First assembly held at 6.30am. Before that we already had our breakfast and we were set for room decoration. [Green](#) house had their responsibilities on for serving food for whole day. After the assembly and flag hoisting is over teachers went room decoration visiting. After the inspection at 7.00am it was time for worming up. We all went around places by walking, jogging and running simultaneously uttering rhyme–

“Walk, walk, walk in the morning;

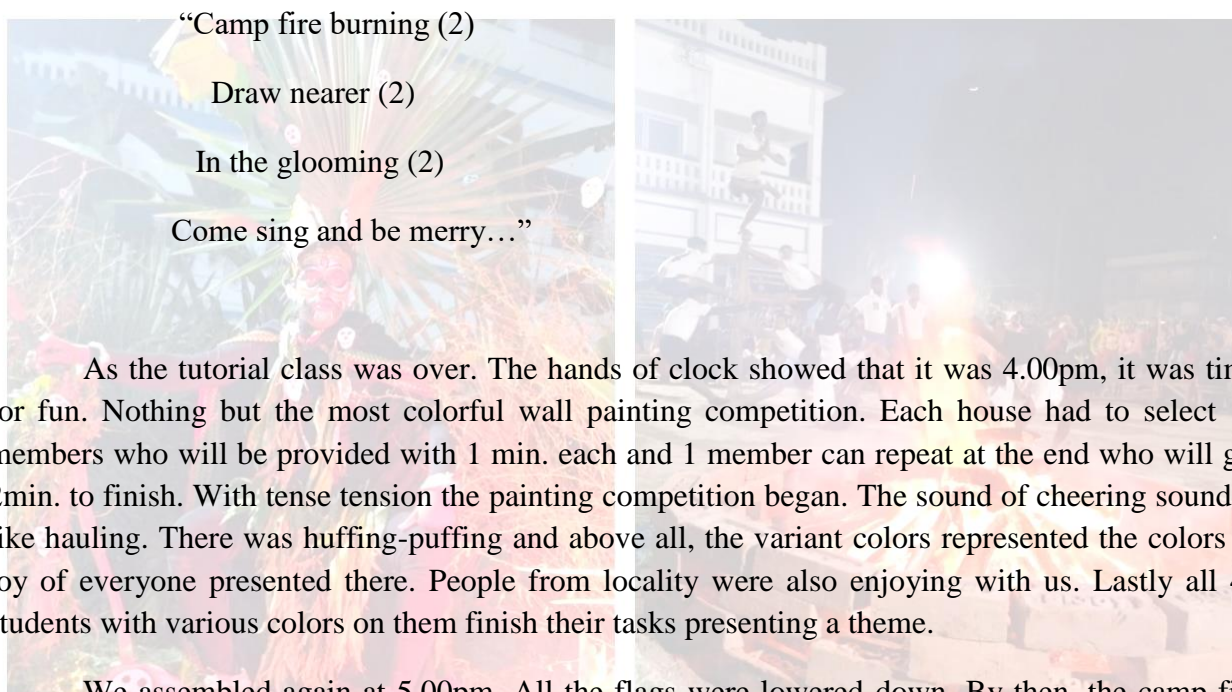

Jog, jog, jog in the morning;

Run, run, run in the morning;

Pond, pond, pond by the road...”

We laughed and enjoyed the morning session. We ended our running, in the field behind the school. Each house presented their members and teachers organized the game. Game was full of excitement. After the game is over winner was announced. We all went back to school then. It was 8.45am i.e., time for tiffin. After tiffin, we were given particular places for cleaning followed by the time for self-cleaning.

Our department organized an opening ceremony of the camp at 11.00am where many delegates were present. The gala ceremony was full of dance, music and inspiring speeches. We all had our lunch then. After the lunch was over at 3.00pm it was tutorial class and time for camp fire preparation. Yellow house was busy in making fire place as they were the host of camp for day 2. Teachers taught us the community song-

As the tutorial class was over. The hands of clock showed that it was 4.00pm, it was time for fun. Nothing but the most colorful wall painting competition. Each house had to select 10 members who will be provided with 1 min. each and 1 member can repeat at the end who will get 2min. to finish. With tense tension the painting competition began. The sound of cheering sounded like hauling. There was huffing-puffing and above all, the variant colors represented the colors of joy of everyone presented there. People from locality were also enjoying with us. Lastly all 40 students with various colors on them finish their tasks presenting a theme.

We assembled again at 5.00pm. All the flags were lowered down. By then, the camp fire place was ready. We all went into our rooms for makeup. Whistle blew to start camp fire program. And the camp fire began at 6.30pm. in between we already had our evening snacks. The place of camp fire was well decorated with creepers. Theme based on HIRAK RAJ. We all stood up and welcomed the king. With great gesture, the king entered, astonishing everyone. He was followed by 6 spirits, who took oaths. Program began with the permission of the king. Houses presented their dance and song. King thorough his fellows sometimes called out someone's name and asked to perform something, just for fun. There were news reporters who gave funny news of the camp. At the end of the camp fire we all bowed down in front of the king and the king exited from camp fire. We all returned to our respective rooms.

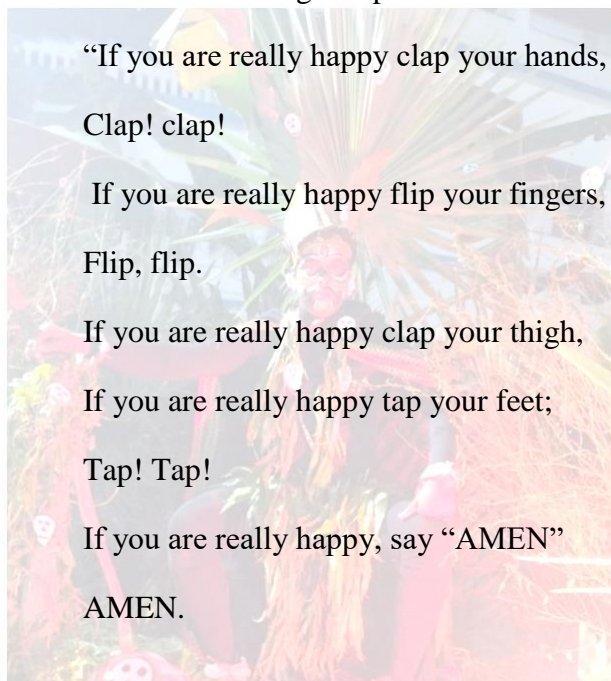

Teachers had conversation with the leaders. Then we had our whistle for dinner at 9.00pm. We all freshened up and the lights went off at 10.30 sharp.

Day 3 (22nd December, 2023)

Whistle to woke up everyone blew at 5.30am. We all got ready for the day to begin. Decorated our rooms and went for breakfast at 6.15am. Yellow house was the host of providing food for the day. In the assembly we had a surprise to have one of our ex-teachers among us. We were all over charged with his presence. At 6.45am the house inspection took place. Then instead of same boring conditioning teachers took a class on aerobics dance. Each of us enjoyed dancing in the morning with loud sounds on ears. The class ended at 8.00am. After that we had campus cleaning, personal cleaning and time for tiffin.

We reassembled at 11.00am sharp for camp games. For day 3, social work was started at village hospital surrounded areas ,

All of us went back to our dinning place to have our lunch at 1.00pm. Returning from lunch we were all exhausted. But we had our tutorial class. Everyone was feeling sleepy. Red house paid attention towards making fire place. Teachers went on teaching us song –

Sleepy, sleepy we memorized the song. We turned on again at 4.00pm when it was time for painting relay. we all are enjoying the painting competition, all houses fighting for winning the competition ,Whistle blew for evening assembly. Flags were lowered down sharp at 5.15. We returned in our rooms, got ready for camp fire program. Whistle blew for tiffin time.

The camp fire schedule began. The place of camp fire was well beautified with creepers. We all stood up and welcomed the king. The King and Queen of the forest entered the royal court with their solemnity. They were followed by 6 spirits. Spirits took oaths. Program began at 6.30pm with the endorsement of the king. Houses presented their dance and song. King thorough his fellows sometimes called out someone’s name and asked to perform something, just for entertainment. There were news reporters who gave funny news of the camp. At the end of the camp fire we all bowed down in front of the king and the king exited from his court.

Teachers sat with us at 8.45pm to have important discussions on next day's hiking program. Teachers declared that there will be no room decoration for next day. But we will have to be prepared for awareness program that was going to be held the next day. We all returned to our respective rooms. Whistle blew for dinner time. We all had our dinner at 9.15 pm. Freshened up and made preparation for the next day. We had to perform three dramas in public platform to spread awareness among them. We all went off to sleep at 1, though the lights were off at 9.30pm, as there was responsibility to perform the dramas.

Day 4 (23thDecember, 2023)

That day we were all electrified by the stimulation of cooking competition and paper model. We were all set by 6.00am as instructed on previous day. We had our breakfast at 6.15. The management of food serving was on Yellow House. Whistle for assembly, blew. At 6.30am flags were hoisted, we had small awareness programs too. We choose three different spots to perform dramas and according to the topic teachers and some students gave small speeches.

Thus, spreading awareness we reached pani parul bus stand at 9.30am. We had our breakfast there.

By walking we returned again to the base camp. All were totally exhausted and were double hungry. So, the day continues with the cooking competition and paper model presentation from 11.00-01 p.m. then directly everyone went to the dining place. Everyone had lunch and then went to freshened up at 2.00pm.

After a day's hard work all were drowsy but there was no way to escape. We had to join tutorial class again from 3.00pm. That day's song was –

”Ging gang gooli, gooli, gooli, gooli
Watch her ging gang go, ging gang go.
Hey la, heylashayla, he la ho,
Shally wally, shallywally (2)
Umba, umba, umba.”

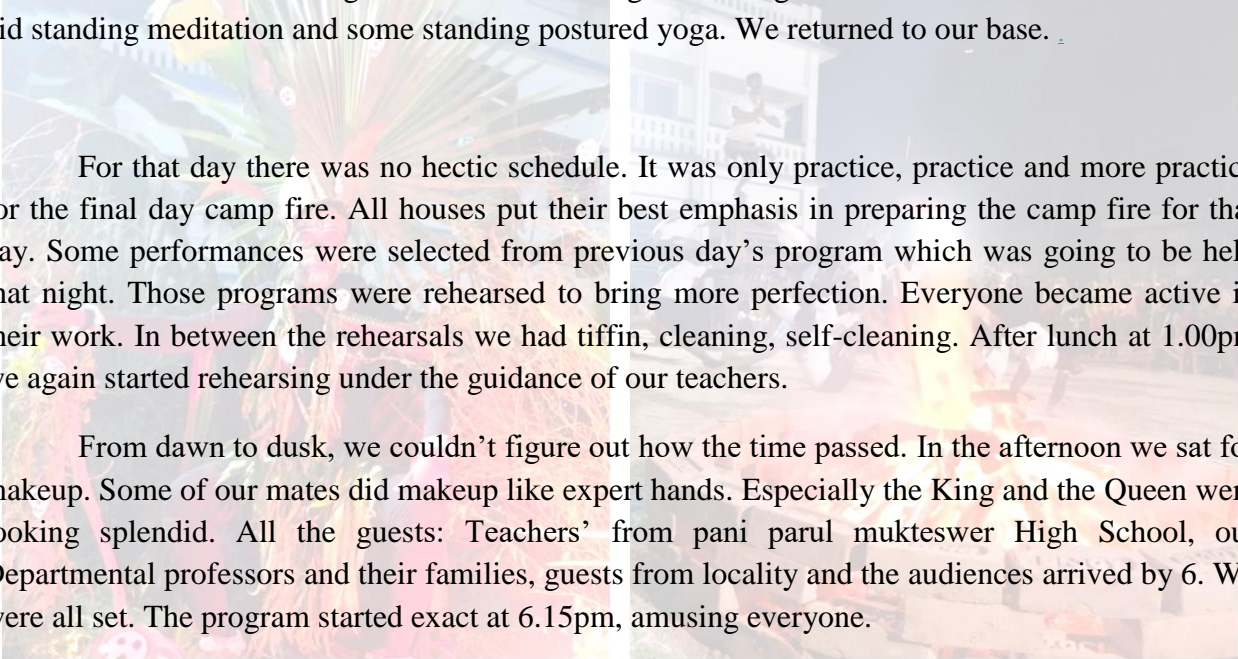

We had no idea what was waiting for us. We were yawning and singing. **Red** house was busy in beautifying camp fire. Teachers announced that they had arranged a surprise for us. All our eyes became big and round. It started glittering with excitement. They took us the ground where we had to play leg volley. We all really had fun enjoying the game. Now it was time for surprise. The surprise was none other than Treaan. From 3.30 to 5.00p.m community sports are for local public and children, organized we assembled again at 5.00pm. All the flags were lowered down. We all went into our rooms for makeup. Tiffin was already served. Whistle blew to start camp fire program at 6.15pm. And the camp fire began with the permission of the king. The camp fire drew a lot of attention in the locality. So, many people gathered to enjoy the evening.

The nights went deep and the program ended at 8.30, followed by a meeting for the final day program. The meeting ended at [.8.45pm](#). We all had our dinner at [9.00](#). We were all worn out, but still freshened up and decorated our rooms for next day. At [9.30](#) lights went off. We into bed at about 12.30 and we were just out like a light.

Day 5 (24th December, 2023)

The waking whistle blew at 5.30am. We woke up, freshened up, decorated our rooms and had our breakfast. At 6.30 assembly whistle blew. We all assembled. Flags rehoisted. Teachers went to inspect our rooms.

Observe [us](#). [We did standing meditation and some standing postured yoga. We returned to our base](#) That day we went out with our sir to the nearest village to enjoy the scenic beauty. With no destination fixed. At the end of the village, we found a small ground with a stage in the middle of it. We circled around the stage and sir was standing on the stage from where he can observe us. We did standing meditation and some standing postured yoga. We returned to our base.

For that day there was no hectic schedule. It was only practice, practice and more practice for the final day camp fire. All houses put their best emphasis in preparing the camp fire for that day. Some performances were selected from previous day's program which was going to be held that night. Those programs were rehearsed to bring more perfection. Everyone became active in their work. In between the rehearsals we had tiffin, cleaning, self-cleaning. After lunch at 1.00pm we again started rehearsing under the guidance of our teachers.

From dawn to dusk, we couldn't figure out how the time passed. In the afternoon we sat for makeup. Some of our mates did makeup like expert hands. Especially the King and the Queen were looking splendid. All the guests: Teachers' from pani parul mukteswer High School, our Departmental professors and their families, guests from locality and the audiences arrived by 6. We were all set. The program started exact at 6.15pm, amusing everyone.

Lights were all off. It was deep dark everywhere. The king entered the royal court with the queen, accompanied by pedestrians, grandmother, a monkey, drummers and some of them were releasing sparks of fire out of their mouth. They all went around the court area and took their seats. The spirits entered and stood around the camp fire. They passed their light and took oaths. As soon as the oath was taken then a sparkle of fire came for the sky and lit the cap fire. All the spirits hold their torches in the camp fire and the program of camp fire began. There was an overflowing crowd. Everyone was wondering what happens next.

The program went well. Everyone presents there enjoyed a lot. There was happy breeze. King thorough his fellows sometimes called out someone students and teachers too and asked to perform something. They were bound to do so. The program terminated and everyone's heart was light as the day was Christmas Day.

The guests went for candle light dinner at 9.00pm. On the other hand, champion of the camp, best campers' names were announced. Everyone was overjoyed. The guests left after that.

Now there's a twist. Everyone hurriedly grasped their dinners and returned to the place of camp fire. Sound boxes were aloud. All of us were dancing like crazy. This craziness went up to 12.30am. Still, we were uncontrollable. Teachers pushed us towards our rooms. But our singing in the hoarse aloud voices were out of control till 1.30am. After that when we went to bed, everything was blank.

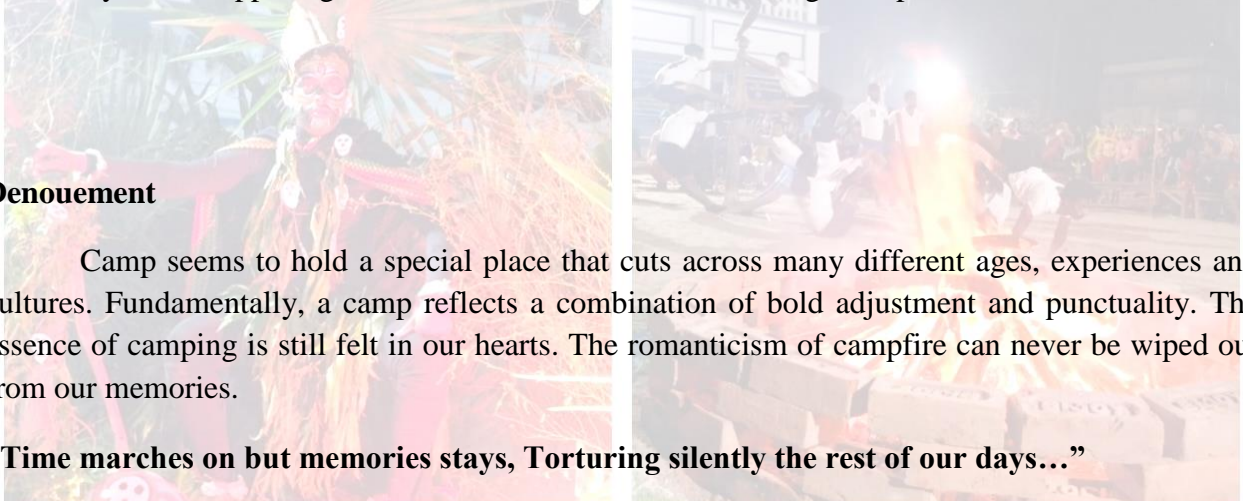

Day 6 (25thDecember, 2023)

Camp! Camp! Camp days ended. Before 25th night we were counting days, when we will return to our homes and will have a good sleep. But actually, when the day of home coming came, no one, literally no one wanted to return. Assembly held at 7am. We shared our experience with our teachers. With moist eyes we packed our bags. Buses arrived. Bags were put into the bunkers again. Seat arrangement was same as arrival. We all took our seats and the driver started engine. Our heavy heart skipped again. At about 11 we returned to college campus.

Denouement

Camp seems to hold a special place that cuts across many different ages, experiences and cultures. Fundamentally, a camp reflects a combination of bold adjustment and punctuality. The essence of camping is still felt in our hearts. The romanticism of campfire can never be wiped out from our memories.

“Time marches on but memories stays, Torturing silently the rest of our days...”
