Seminar on “Significance of IP Protection and Commercialization” dated 25.04.2025

On receiving the intimation from Ministry of Education’s Innovation Cell (MIC) and AICTE, to attend week-long IP UTSAVA from 21st to 26th April 2025 to raise awareness about the crucial role of IP in fostering innovation and creativity among students, educators, and innovators in HEIs across the country and also to raise awareness on significance of IP protection and commercialization, the IIC of our college circulate this information to both students and faculties to actively participate in this event. As a result of this circulation, about 14 students and 3 teachers of our IIC attended the seminar by joining in Google meet platform where the MIC YouTube video was shared. The participants were enriched with the information discussed by the speakers.
