# The Annual Quality Assurance Report (AQAR) of the IQAC

AQAR of 2012-13

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013.

## 6. Governance, Leadership and Management

#### 6.1 State the Vision and Mission of the institution

From its very beginning the college is committed to its great motto of maintaining qualitative standard in higher education and also in developing the human and cultural values of the students. The institution's mission is enunciated in the Memorandum of Association of the Society, promoting the College. The main aim of the Society was to promote the facilities for higher education among the poor people to develop their intellectual, cultural, social and moral aspects such that the surrounding society in which they live can become a developed one with all respect. The college is trying to transmit its mission from its inception.

In this respect the institution is always trying to take initiative steps in developing human and cultural values of the students and in fulfilling the needs of society. Some such activities are listed below:

- 1. The NSS and NCC unit of the college always take leadership role to organize various social activities
- 2. The Music Department and the Cultural unit of the college take initiative role to organize and celebrate different cultural events.
- 3. In the sports division, the college students play a leadership role in University Inter College sports competition, District and State Level Youth Parliament Competition etc.

6.11 Activities and support from the Alumni Association

The Alumni being important stakeholders be actively involved in all the developmental programmes of the College. In view of that the Students of our college have formed alumni association since 2007 with Registration No. S/1L/46162 of 2007-08. At present the organising body comprises with Dr. Swapan Kr. Misra, president; Mr. Mathuranath Tripathy, Secretary; Mr. Dinataran Tripathy, Treasurer and other executive members. A recent Alumni meeting has been held on 10 June, 2013. In this meeting, the body proposes to publish alumni magazine to express the views and suggestions about the college development from all respects and it is expected that the magazine will be published with in 5<sup>th</sup> September, 2013 for NAAC purpose. Moreover, it is also decided to invite retired teachers and eminent old students in a regular basis for development planning and other academic related aspects of the college.

6.12 Activities and support from the Parent – Teacher Association

Parents are the important segment of our college. These groups provide us support and money. On the other side, our college organized different activities with the help of parents and local inhabitant such

as workshops for Self Help Group, farmers and provide them some solutions towards their agriculture oriented problems. In view of that, in December 2012 our institution organized a one day workshop on "Organic Compost Preparation and Scientific Method for Green Stuff Cultivation" with the help of parents. By putting serious focus on parent's- relationship we are able to cope up with different issues with strategic action.

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

## **Title of the Practice**

Regular Internal assessment of students

### 2. Goal

The goal of introducing the practice is to attract the students to the classes so that they can regularly attend and follow the classes. It is also to assess the performance of the students regularly and suggest them to develop their performance. Ultimately the goal of the practice is to grow an interest of the students to follow the class teaching.

### 3. The Context

To make the students regular and attentive in classes and schedule, the internal assessment has been designed at the regular interval of an academic session so that the students have to come to college to cope up them-solves with the system in the present situation. Though it is difficult to implement the practice according to its desired goal, the college is trying its best.

### 4. The Practice

The college have introduced a methodical internal assessment system for last six years. Each student of each year/part has to sit for 5 internal assessments of 10 marks each for every honours paper and 2 internal assessment of 10 each for every general paper. The average marks of 5 papers / 2 papers are taken into account for final University examination. University examination are taken for 90 marks out of 100 marks on each theoretical paper of honours/general. Internal assessment numbers out of 10 marks are sent by college to the university for making the final result of each paper.

Our college has been maintaining its internal examination system methodically. Short term notice are given to the students for taking their examination. Answers scripts are carefully examined and suggestions for developing their performance are also being provided to the students by the departmental teachers.

#### 5. Evidence of Success

Through the process of internal assessment, the students are coming into close contact of teachers, they are facing the problem of preparing the answers of internal assessment throughout the year. The teachers have a constant look on their performance. And it is evidenced that they have been performing better day by day. Their development are also being reflected in their results in University final examination.

## 6. Problems Encountered and Resources Required

The internal system of examination or assessment requires sufficient number of faculty members of each department for preparing the question paper, evaluation or assessment of answer scripts and recording and filling of marks after assessment. The college is at present suffering from lack of teachers in all the departments to achieve the desired goal.

## Presentation of Best Practice-II

1. Title of the Practice

Students' Aid & Motivation

## 2. Goal

This is an Aid & motivation of the students to obtain their best possible performance. The college is situated in a rural agriculture based economy area. Most of the students come from the families depend on agriculture only and they are financially backward. Students coming from these families face the financial constraints to complete their college education with a goal or view to help and motivate these students the college introduced and provides a general tuition fee concession and students 'financial aid to the students coming from "Below poverty level" and other financially backward community. The college also provides full free studentship to the students getting highest marks in each discipline. Rewards and prizes are also given away for the good academic performances and performance in annual cultural and sports-games competition to enfold their inherent possibilities.

## 3. The Context

In order to provide such financial assistance and motivational rewards and prizes, the college is to spend a lot from its limited revenue collected from students. There are also a lot of problems to choose the beneficiaries of assistances and rewards among the huge numbers of poor students coming from "Below poverty level" community. Although the college is trying its best to continue these practices effectively to motivate and help the students to get their best possible result.

## 4. The Practice

- Students are rewarded with prizes (Specially valuable books required for their higher studies) for standing in the position of 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> in each year for honours and general courses. The prizes are given away to the students in annual cultural function of the college by the distinguished personality of academics. Tuition fee concession and financial help from students aid fund are being provided to the poor and meritorious students in each year. Besides these supports, Teachers council of the college and west Bengal college and university teachers' association, Mugberia college unit are also extending the hands of help and co-operation to the poor and meritorious students of the college.
- 5. Evidence of Success

Most of the benefited students coming from the backwards community have been performing better through these practices. Most of the cases, they have been performing better than that of their higher secondary examination. These can be evidenced through the perusal of the result in each year / part of university examination.

## 6. Problems Encountered and Resources Required

The college has been facing problems encountered by the paucity of funds to continue these practices. The college is situated in rural financially backward area, so the students' strength is not so large that the college can manage the fund for rendering the assistance and rewards to the students from the tuition frees and others frees collected from general students. Only the Gov. (state /central), UGC may provide special grants to finance such practices in the college to make the practices more effective in different plan periods.
