Significance of the seminar

In this year, 15th August is regarded as an important day of celebration. India has organized many national programs and activities to celebrate 150th birth anniversary of the great national personality Sri Aurobindo. It is very important to note that 15th August is also celebrated as the independent day of India. Sri Aurobindo (15th Aug. 1872 – 5th Dec. 1950) is not only a revolutionary freedom fighter, but also an evolutionary philosopher, a spiritual leader, a poet and a visionary sage. As he is popular, he is known as a national freedom fighter, a journalist, an editor and a great Indian nationalist, though he accepts internationalism and spiritualism in the long journey of his struggle. He was edited the newspaper “Bandemataram” and joined the Indian freedom movement for independence, and then regarded as an influential leader. After a long struggle for the freedom of India from the British colonial rule, he became a spiritual leader as well as reformer by introducing his vision and mission through the spiritual evolution and human progress. For his valuable contribution to the field of Indian Philosophy, he is also regarded as one of the famous Indian contemporary philosopher. His works are *The Devine Life*, *Essays on the Gita*, *Collected Poems and Plays*, *The Synthesis of Yoga*, *The Human Cycle*, *The Ideal of Human Unity*, *Savitri: A legend and a Symbol*, and *On the Veda*. For these contributions, he was nominated two times for the Nobel Prize without it being awarded, in 1943 for the Nobel award in Literature and in 1950 for the Nobel award in Peace.

His struggle for freedom, works on literature and philosophy and his contributions to the Indian yoga system and spiritualism always motivate us towards the change of life such as *from gross life to divine life* or *from man to superman*. In order to celebrate the 150th birth anniversary of Sri Aurobindo, the Department of Philosophy of this college has organised one day seminar on “Our Tribute to Sri Aurobindo: Revolutionary freedom fighter, evolutionary philosopher, poet and visionary sage” held on 31st August, 2022.

About the Webinar

A webinar on mental health through music and yoga in the COVID-19 pandemic can play a crucial role by providing a platform for experts to share insights and strategies. It can raise awareness about the positive impact of music and yoga on mental well-being, offering practical tools for individuals to incorporate into their daily lives. Additionally, such seminars foster a sense of community and support, which is vital during challenging times, encouraging people to prioritize their mental health. With these thoughts in mind, we have tried to take up this novel initiative of the Music Department, Physical Education Department and Research Cell of our college. Our eminent speakers have also shown great interest in this initiative and by joining us online they have given their valuable speeches which we hope will be very useful to us.

Acknowledgement

The success of this webinar owes much to the undeniable contributions of our principal, Dr. Swapan Kumar Misra, also we extend our gratitude to the Head of the Department of Music Dr. Sutapa Saha. Dr. Bidhan Chandra Samanta, who served as the Co-ordinator of the Research Cell, providing invaluable assistance in every aspect. Special thanks are due to Dr. Biswajit Garai, whose tireless efforts were instrumental in bringing this webinar to fruition.

The connection we established with the keynote speakers at the webinar is truly indescribable. Their enlightening speeches shed light on maintaining both physical and mental well-being during the COVID-19 pandemic through the therapeutic benefits of music and yoga/exercise.

Gratitude is extended to Mr. Sajal Kumar Bera and Mr. Soumen Mukherjee, whose impactful presence and efficiency elevated the webinar to new heights. Lastly, appreciation goes out to all individuals directly and indirectly involved with the seminar.

1. Introduction:

Iswar Chandra Vidyasagar was known as a great Sanskrit scholar, social reformer and a pioneer of Bengali renaissance. He was born on 26th September in 1820 at Birmingham village of Midnapore district. He was a brilliant student of Calcutta Sanskrit College from where he received the title “Vidyasagar” (Ocean of knowledge) and in 1850 he was appointed head *Pandit* (Sanskrit scholar) of Fort William College, Calcutta. A year later, he became principal of Sanskrit College, where he promoted the study of English and admitted students of lower castes. He was also known as a famous Bengali writer, author and regarded as one of the most popular Indian educator and the father of Bengali prose.

Vidyasagar was a profound Sanskrit scholar, academic educator, writer, translator and entrepreneur and above all, a philanthropist. His contributions to the Bengal Renaissance through his rational social and educational reforms, and literary writings have been the undying records of history that claim our respect and reverence. By virtue of his resolute will and indefatigable tenacity, he struggled heroically for widow remarriage, prohibition of child marriage and polygamy, women’s education, educational reforms, etc. and became a towering figure among the stalwarts of the Bengal Renaissance. He opened 35 schools for women throughout Bengal and was successful in enrolling 1300 students. He brought a revolution in the education system of Bengal. In his book, “Barno-Porichoy”, Vidyasagar refined the Bengal Language and made it accessible to the common strata of the society. He reconstructed the Bengal alphabet and simplified Bengali typography into an alphabet of twelve vowels and forty consonants. He also worked to improve the overall condition of the Indian society. His contribution to the society is commendable. Iswar Chandra Vidyasagar initiated the concept of widow remarriage and raised concern for the abolition of child-marriage and polygamy. Mahatma Gandhi allotted the highest place to him, saying: “Beginning with Rammohan Roy one heroic figure after another has raised Bengal to a position higher than that of the other provinces. It can be said that Iswarchandra Vidyasagar was the greatest among them.”

On the occasion of celebration of 204th birth anniversary of Pandit Iswar Chandra Vidyasagar, our college has organized a seminar on “Pandit Iswar Chandra Vidyasagar: A great social reformer”, essay writing competition and a quiz competition on Vidyasagar, these events have been organized by the Dept. of Philosophy and held on 26th Sept. 2023 at S. N. Bose Hall, Mugberia Gangadhar Mahavidyalaya. Our principal Dr. Swapan kumar Misra has inaugurated this programme and many speakers namely Prof. Abani Tripathi, Dr. Subhas Chandra, Dr. Bidhan Chandra Samanta, Sri Ashwini Khatua, Dr. kalipada Maity, Prof. Ranajit Nayek, Dr. Bharat Malakar and Sri Manmathanath Das have delivered their speeches on the topic of the said seminar. More than 100 students and 20 teachers have participated in this programme. Student of the different disciplines have actively participated in the said competitions. All prizes have been distributed to the place-holders of the competitions in the presence of all designated as well as resource persons. Finally, Dr. Alok Ranjan Khatua, Assistant professor, Dept. of Philosophy has announced the end of programme with a vote of thanks.

1.Introduction:

Swami Vivekananda was born on 12th January in 1863 at Calcutta of Bengal Presidency of British India(now it is Kolkata, West Bengal). His original name is Narendranath Datta. He was a direct disciple of the great religious teacher Sri Ramakrishna Paramahansa Dev. He was an Indian Hindu monk, a world famous religious as well as spiritual leader, thinker, author, reformer and contemporary Indian philosopher. As a good reader, he acquired wide range of knowledge about the different subjects, especially Hindu religion and Indian philosophy. He loved Veda and Upanishads as the great sources of spiritual and moral knowledges. Katha Upanishad says: *Uttisṭhata jāgrata prapya varānnibodhaata Kṣurasya dhārā nisitā duratyayā durgam pathastatkavayo vadanti* , Swamiji followed this verse very carefully and simply said, “Arise, awake and stop not till the goal is reached”.

He introduced a new educational system which is known as the man-making education and opposed to merely money-making education. To define the aim of education, Vivekananda said: ***“Education is the manifestation of the perfection already in man.”*** According to him, manifestation means the hidden ability of expression of cultivation, refinement, reformation and spontaneous growth of human nature which learners manifest. This term implies man’s inner nature what is waiting to be expressed and what he discovers through his responses to the call of own soul. The meaning of the term “perfection” is the real status of human nature and the inner spirit. It has a metaphysical significance which refers to the ever perfect nature of soul. According to Advaita Vedanta, human being in born is not a sinner, but he/she is suffering due to his/her ignorance (*avidyā*). The term “perfection” has to address the aims of education i.e. man –making, character- building or life-building and assimilation of ideas. The term “already in man” refers to the capacity, the propensity, the capability, the potentiality, and the hidden ability of awakening something what human beings want to express truly. From the philosophical point of view the term “perfection” implies the self-realization which is made by knowledge, action and devotion.

Vivekananda describes the spiritual nature of man as “Soul Force” (Atman Sakti) or spiritual spirit, this is the divine nature of man by which he is able to manifest his own nature. He also said “The greatest help to spiritual life is meditation. In meditation we divest ourselves of all material conditions and feel our divine nature.”²⁴ Spiritual training gives us strength enough when our life is going towards reality or truth. Swamiji said, “Concentration is the very essence of education”. To impart the objectives of true- education to the young generation especially the students, and to celebrate the National Youth Day on occasion of Vivekananda’s birth day, we have organized a “One day Vivekananda Youth Convention-2023 (*Vivekananda Bhavanuragi Yuba Sammelan-2023*) held on 12th January” 2023 in the seminar hall of our college.

6. Significance of the seminar:

In India, the National Youth Day is celebrated to commemorate Swami Vivekananda's birthday. Vivekananda was born on 12th January, 1863 in Calcutta (at present Kolkata in West Bengal). He was globally regarded as a great spiritual as well as a religious leader, and known as an Indian contemporary philosopher, activist, social reformer, and modern thinker. Being a follower of Ramakrishna, he founded the Ramakrishna Mission in 1897. By this mission, he tried to reach his goal and achieve his vision. Indeed, he wanted to impart spiritual and moral education to the young generation so that they would be able to stand on their own feet. His main mission and vision are the man-making and character building education.

In 1984, the Government of India announced 12th January as the National Youth Day. Then, the first Youth Day was celebrated on 12th January 1985. The main objective of celebrating National Youth Day is to disseminate the ideas, philosophy, thoughts and works of Swami Vivekananda, about how he simply lived with high thinking, how he preached, and the way by which he worked and served for others. To celebrate this day, our nation has taken various programmes; even various events have been held at schools, colleges, universities, social organization, missions, etc. all over the country. Swamiji loved Indian Classical scriptures for both spiritual and moral education. For this purpose, he acquired spiritual knowledge along with moral awareness from Vedas, Upanisadas, Ramayana and Mahabharata, especially from Bhagawat Gita and Advaita Vedanta. He deeply followed the messages of Katha Upanisad. One of the very important messages is:

Uttisṭhata jāgrata prapya varānnibodhaata;

Kṣurasya dhārā nisitā duratyayā durgam pathastatkavayo vadanti.

This is the evergreen call to not only students or teachers but also to all people to arise, awake and meet wise persons and learn from them about the highest and the greatest things or the Universe. Swamiji said, “*Arise, awake and stop not till the goal is reached.*” He believed that the positive education must be a combination of man-making, man-making, character building and assimilation of ideas. He never accepted mere money-making education as a scheme of true-education; rather he remarked this type of education as a merely and entirely a negative education. The very essences of education, according to him, are: Concentration of mind, reasoning and intuition, will-power and spiritual spirit, discipleship, good relation between teachers and students, true -institution, true- teacher, and positive thinking. To impart the objectives of true- education to the young generation especially the students, and to celebrate the National Youth Day on occasion of Vivekananda’s birth day, we have organized a “One day Vivekananda Youth Convention-2023 (*Vivekananda Bhavanuragi Yuba Sammelan-2023*) held on 12th January” 2023 in the seminar hall of our college.

Theme of the Webinar

In the present context, we are facing a new wave of pollution of all types. Prevention of pollution is an urgent task before mankind. At present we are faced with an unprecedented crisis in the form of corona virus. One can only hope that the world will be faced with such crisis more often than not in future. The ages of man had a vision of life. They strongly pleaded for preventing evil from pollution. If we asked to go further, they argued, other types of environmental pollution can be minimized, if not totally prevented. Our 'Vedas' are the repositories of human knowledge for human beings. They contain the essence of integral approach when knowledge, emotion and action are interrelated to enable the individual and the group to lead a healthy and peaceful life. Our International Webinar would deliberate on the central idea of combating with corona virus through the ancient science of Ayurveda.

I. Brief Introduction:

To provide the right knowledge in searching the truth, science deals with the two methods - observation and experimental methods. Truth is of two kinds – subjective and objective. However, science deals with objective truth that can be generalized by the tested hypothesis. In order to establish the general truth, science offers the general propositions which are the essence of hypothesis. According to Einstein, The grand aim of all science [is] to cover the greatest number of empirical facts by logical deduction from the smallest possible number of hypotheses or axioms.

Every generalization of truth is an outcome of good hypothesis. Thus, hypothesis plays important role which no one can deny. Hypotheses help us to generalize the conclusion or the truth discovered. Generally, hypothesis is used to make correct design for scientific research and to search the knowledge for truth.

The Department of Mathematics in association with the Department of Philosophy of Mugberia Gangadhar Mahavidyalaya has organized a one day workshop on “**Science & Hypothesis : Concept and Application**” held on 2nd May 2023 from 2.30PM to 5.15PM at Seminar Hall of the college. Dr. Alok Ranjan Khatua, Assistant Professor, Dept. of Philosophy of Mugberia Gangadhar Mahavidyalaya has engaged as a speaker of this workshop and delivered a set of two lectures on the said topic with power point presentation. Total 45 students (26 male and 19 female) of PG course in Mathematics & UG course in Philosophy have actively participated in this workshop. The aim of this workshop is to motivate the students towards the higher studies with research and innovative activities.

To Whom It May Concern

It is to certify that a one day workshop on "Science & hypothesis : Concept & Application" has been organized by the Department of Mathematics in association with the Department of Philosophy of Mugberia Gangadhar Mahavidyalaya held on 2nd May 2023 from 2.30PM to 5.15PM at Seminar Hall of the college. Dr. Alok Ranjan Khatua, Assistant Professor, Dept of Philosophy of Mugberia Gangadhar Mahavidyalaya has engaged as a speaker of this programme and delivered two lectures with power point presentation on the said topic. 45 students with 26 males and 19 females of PG, Mathematics & UG, Philosophy Departments have been participated and they have been highly motivated for their higher studies and satisfied for the above programme.

With best wishes

IX. Programme Outcome:

1. The students of PG course in Mathematics and UG course in Philosophy of our college have actively participated with their enthusiastic and energetic attitudes.
2. Students are very interested about this programme. Their attention to the discussion and their interest entire the scope of topic are so remarkable.
3. The speaker has delivered a series of two lectures on the topic with a power point presentation that has increased the student's interest on the topic.
4. We have observed that the participants have been motivated by this programme.
5. The participants have been enriched by this programme. They have learned the techniques of how to test a hypothesis by the method of verification.
6. Total 45 students (male 26, female 19) have participated in this programme.
7. They have learned the process of how to use the null and alternative hypotheses in a research. As a result, many students have developed their interests to make a project for innovative practices.
8. By this workshop, the students have realized the role of hypothesis and logical reasoning in the field of scientific research. Many students want to continue their studies towards the research in the different fields of higher education.
9. All participants like this type of programme for their academic success in future.
10. The workshop has been successfully completed. By this workshop, we are able to motivate our students towards the systematic study in the different fields of research.

X. Acknowledgements:

I have the honour and privilege to convey my thanks to the organizers and the speaker of this workshop for their active participation with academic contributions. Many thanks are also due to all teachers and students of the two departments of our institution for their active participation and cooperation.

Introduction

After overcoming the barrier of COVID-19 Pandemic situations we the teachers of the Department of Music, Mugberia Gangadhar Mahavidyalaya had been able to execute the International Webinar through ZOOM platform on 27/08/21. This is a memorable day for both students and teachers of the Department of Music, Mugberia Gangadhar Mahavidyalaya. We got two eminent resource person best suited for our selected webinar topic “***SHASTRIYO EBONG BHAKTI SANGEETER PREKSHAPOTE PANCH KABIR GAN***”. One was Dr.Chandrani Das (Associated Professor) Department of Vocal Music, Faculty of Arts, Rabindra Bharati University, Kolkata, West Bengal, India and another was Dr. Subir Kumar Chakraborty (Associated Professor), Department of Music(Classical) , Faculty of Arts, Jatiya Kabi Kazi Nazrul Islam University , Bangladesh. Both of them had gladly accepted our proposal. Internal Quality Assessment Cell, of Mugberia Gangadhar Mahavidyalaya also helped with their technical supports. Mr.Prasanjit Ghosh(HOD, Dept.of History and co-ordinar,IQAC), Dr.Wadyut Seikh (HOD,Dept.of Physics) also raised their helping hand for smooth execution of this webinar.

BRIEF SUMMERY

We started the webinar by an appreciable tagore song ‘Jayo tabo bichitra ananda hey kabi’ sung with complete devotion and surrender by Dr. Sutapa Saha (HOD. Dept. of Music). The song of rabindranath tagore ‘Jayo tabo bichitra ananda hey kabi’ is not only a song it’s a devoted certificate and humble rendition to all poets of the whole world. We the teacher of the department of music along with the students and also the whole participants started our journey to execute the webinar with this song. The second half of 19th century literary was a renaissance period of Bengali Culture and Literature. At this period we got many poets of whom Rabindranath Tagore, Dwekjendra Lal Roy, Atul Prasad Sen, Rajani kanto Sen, Kazi Nazrul Islam were togetherly known as ‘*PANCHA KABI*’.

Webinar titled as “*SHASTRIYO EBONG BHAKTI SANGEETER PREKSHAPOTE PANCH KABI R GAN*” was started by the most valuable key-note address of our principal sir Dr. Swapan Kumar Misra. The responsibility of smooth conduction of the programme was taken by Prof. Pritam Katham.

Our valuable speaker Dr.Chandrani Das (Associated Professor) Department of Vocal Music, Faculty of Arts, Rabindra Bharati University, Kolkata, West Bengal, India gave her valuable speech on ‘classicality and the impact of raga over the creation of Pancha Kabi’. She had clearly discussed the impact of raga on tagore song and the application of raga on it. She had showed the various application of raga used in different way and in different moods in the songs of the Pancha Kabi.

Our another valuable speaker Dr. Subir Kumar Chakraborty (Associated Professor), Department of Music(Classical) , Faculty of Arts, Jatiya Kabi Kazi Nazrul Islam University , Bangladesh had delivered his valuable speech over Impact of ‘bhakti(devotion) on the creation of Pancha kabi’. Prof Chakraborty had clearly discussed how the devotion has covering the thoughts and creations of Pancha Kabi, especially of their songs. Not only he showed the impact of devotions but also he showed how the devotional songs inspired our thinking, our minds and also our state of mind. Devotion is such a thing which can change our society by developing the sense of humanity from a lower degree to a higher degree of mind and stability.

CONCLUSION

It was a great challenge to us to organize an International Webinar at that pandemic situation of COVID -19. But thankfully we had completed the work with a smooth and appreciable way. The valedictory speech was much modestly delivered by Prof. Soumen Mukherjee. The webinar concluded with the announcement of a devotional song.
