**NAME OF THE STUDENT:** PIJISH KANTI DAS

**CLASS:** SEM 6

**PROBLEM DISCUSSED: MAINLY ACADEMIC:** Not able to follow class lecture

**ELABORATE ANALYSIS OF THE PROBLEM:** Pijush Kanti Das of Sem VI had always been a gentle and attentive student. Of late, in class the mentor had seen him being absent minded and not following class properly quite a few times. When called for, and asked about such an attentiveness, Pijush came up with his delay in understanding and following the class. Since the medium of instruction for questions are English, while Pijush, like all writes the answer in Bengali, he was unable to follow the class as geography in sem VI involves pretty technical understanding.

**SUGGESTED MEASURES:** The Mentor suggested some change in books to him that contains both English and bengali terms for any topic. Also, the mentor spoke to other faculty members and Pijush was given some extra time by the faculties which he was told to attend. Pijush was also given some homeworks on daily basis to make him clear about his topic and the mentor suggested him that he should try to speak whatever little he can in English with the Mentor.

**FOLLOW UP:** The internal assessment marks and the class showed that Pijush quickly took up what he lagged by a little care.
