PROGRAMME SPECIFIC OUTCOMES FOR SANSKRIT STUDENTS (PSO)

PROGRAMME SPECIFIC OUTCOMES FOR SANSKRIT STUDENTS (PSO)

UG programme in Arts enables the students to grow and nurture a cultural taste, a sense of literature and history, make them politically aware and responsible citizens and live with dignity in a plural society. It also upgrades the students to acclimatize themselves to the changing socio-cultural and political scenarios and develop the skills necessary to seek employment in the liberal economic world. The programme outcome is as follows.

Analytical Skills: Our students, studying a combination of subjects offered by the institution develop a sharp consciousness of history, society, culture and the political legacy of our country. The programme helps make our students aware of our ethnic, linguistic, cultural, and religious diversity and harmony. The cognitive skills acquired, therefore, will help the students to develop outlook regarding contemporary society – local, national and international.

Employability: After completing the degree, our students will be employable in the fields of journalism, hospitality, advertisement, theatre, education, tourism and various other industries. The programme emphasizes developing reading, writing and comprehension skills which make the students fit and eligible for jobs in the government and nongovernment sectors. A broad-spectrum study of various subjects helps the students to compete in various examinations for employment after graduation.

Values: Humanities inculcate values that give direction to society or polity. Our students are highly aware of environment, hygiene, and other aspects of social responsibility. Various activities during the three-year they study – social, religious, political and cultural – help shape personalities who understand and appreciate religious and cultural diversity and plurality.

Attainment of Course Outcomes & Programme Outcomes

In the Outcome Based Education (OBE), assessment is done through one or more than one processes, carried out by the department, that identify, collect, and prepare data to evaluate the achievement of course outcomes (CO's).

The process for finding the attainment of Course outcomes uses various tools/methods. These methods are classified into two types: **Direct and Indirect methods**.

Direct methods display the student's knowledge and skills from their performance in the class/assignment test, internal assessment tests, assignments, semester examinations, seminars, projects, etc. These methods provide a sampling of what students know and/or can do and provide strong evidence of student learning.

Indirect methods such as course exit survey and examiner feedback to reflect on student's learning. They are used to assess opinions or thoughts about the graduate's knowledge or skills.

Following tables show the various methods used in assessment process that periodically documents and demonstrates the degree to which the Course Outcomes are attained. They include information on:

- a) Listing and description of the assessment processes used to gather the data.
- b) The frequency with which these assessment processes are carried out.

Table 1 : Direct Assessment tool used for CO attainment

Sr. No.	Direct Assessment Method	Assessment frequency	Description
1.	Internal Assessment Test	Twice in a Semester	The Internal Assessment marks in a theory paper shall be based on two tests generally conducted at the end of 6 th and 11 th weeks of each semester. It is a metric used to continuously assess the attainment of course outcomes w.r.t course objectives. Average marks of two tests shall be the Internal Assessment Marks for the relevant course.

2.	Social Experiments	Frequently done in each Semester	Experiment is a qualitative performance assessment tool designed to assess students' practical knowledge and problem solving skills in society.
3.	End Semester Examination	Once in a Semester	End Semester examination (theory or projects) are the metric to assess whether all the course outcomes are attained or not framed by the course in charge. End Semester Examination is more focused on attainment of all course outcomes and uses analytical questions.
4 .	Home Assignments	Frequently taken in a Semester	Assignment is a metric used to assess student's analytical and problem solving abilities. Every student is assigned with course related tasks & assessment will be done based on their performance. Grades are assigned depending on their innovation in solving/deriving the problems.
5.	Class / Assignment Test	Twice in a Semester	It is a metric used to continuously assess the student understands capabilities.
6.	Presentations	As per the requirement	Presentation is the metric used to assess student's communication and presentation skills along with depth of the subject knowledge. Seminars topics are given to the students that cover topics of current interest or provide in-depth coverage of selected topics from the core courses.

7.	Class Attendance	As per Vidyasagar University Guideline.	<p>Total 5 Marks allotted for every Course / SEC/ DSE/AECC or others.</p> <p>The marks obtained of every course from Class Attendance by the students is following manner.</p> <p>05 Marks if he/ she attained greater than or equal to 95%.</p> <p>04 Marks if he/ she attained greater than or equal to 90%.</p> <p>03 Marks if he/ she attained greater than or equal to 85%.</p> <p>02 Marks if he/ she attained greater than or equal to 80%.</p> <p>01 Marks if he/ she attained greater than or equal to 75%.</p>
