BANNER:

TITLE: Community Outreach Programme:

The Community Outreach Programme is at the heart of the educational process at Mugberia Gangadhar Mahavidyalaya. Our college offers various age-appropriate opportunities to students to become active and positive contributors to the community.

These opportunities help the students to build a sense of responsibility and sensitivity towards the society. More importantly, students can deepen their understanding of individual leadership, systemic change and social responsibility in the context of a local, national and global multi-cultural society.

SUB-TITLE: Cleanliness Drive in Mugberia Rural Hospital.

'Cleanliness is next to Godliness'. My Clean India' has now become a mass movement which aims to create awareness about cleanliness and hygiene.

A clean and green environment is a basic ideology in sustainable development. A whole lot of diseases can be traced back to unhygienic environments and irresponsible waste disposal. The importance of cleanliness is known to all now, yet people try to keep their homes clean while they somehow just forget that they are responsible for the cleanliness of the environment as well, that they are responsible for any waste they generate and that just getting rid of it from their house won't help. It could be due to lack of knowledge or due to sheer laziness or due to irresponsibility. Sometimes all it takes is a reminder.

Thus we bring you Cleanliness Drives through which we make people aware of the importance and methods of handling waste responsibly and try to take a step towards a cleaner environment.

Students of English Department in Mugberia Gangadhar Mahavidyalaya took an initiative to clean the surroundings of local hospital Mugberia Rural Hospital on 24th January 2024 at 11.00 am.

Objectives of the Programme:

1. Improving the quality of life in rural areas through cleanliness and personal hygiene.
2. To convert unsanitary toilets into the toilets with flush.
3. Create awareness among communities towards sanitation and cleanliness.
4. To bring about behavioral changes in the people towards sanitation and hygiene.
5. Motivating the communities for adopting a proper sanitation model for better health and life.
6. To devise a proper, door to door, waste collection and disposal system, both in villages as well as urban areas.
7. To make necessary changes in the local bodies in order to strengthen their functions and efficiency.

Outcomes:

1. Community Outreach Programme was able to support and inspire students to work for the community thus improving the understanding of the social needs.
2. The Outreach activity was able to spread scientific knowledge of nutrition and health related issues.
3. The Programme helped to mobilize mass awareness on cleaning.
4. This Programme helped the youth to clean their surroundings and make a green environment for all.
