One day National Webinar

On

"Development of New Trends of Scientific Research to Combat COVID 19"

Date 20/06/2020

Time : 2 P.M.

Organized by

Research Cell

Mugberia Gangadhar Mahavidyalaya
Bhupatinagar, Purba Medinipur, West Bengal, India

In Collaboration with

IQAC, Mugberia Gangadhar Mahavidyalaya
and Department of Environmental Science
University of Calcutta.

Chair Person

Dr. Swapan Kumar Misra,
Principal,
Mugberia Gangadhar Mahavidyalaya

Convener

Dr. Bidhan Chandra Samanta,
Associate Professor,
Department of Chemistry & Coordinator,
Research Cell, Mugberia Gangadhar Mahavidyalaya

Jt. Convener

Dr. Rajgopal Maiti,
Associate Professor,
Department of Mathematics & Coordinator, IQAC,
Mugberia Gangadhar Mahavidyalaya

Jt. Convener

Dr. Kaushik Mondal,
Sant. Approved Part - Time Teacher,
Department of Zoology,
Mugberia Gangadhar Mahavidyalaya

Speaker

Dr. Sandya Bhattacharyya,
Chief Medical officer,
Occupation and Environmental Health
Barrack India

Special Guest

Dr. Priya Bhattacharyya,
Assistant Professor,
Environmental Engineering Lab
Department of Environmental science
University of Calcutta

Speaker

Shovan Sengupta
Research scholar
Environmental Engineering Lab
Department of Environmental science
University of Calcutta

About the Webinar

The COVID-19 pandemic has been taking its toll on the world for months now. Scientists around the globe are working to develop an effective treatment for the novel coronavirus, SARS-CoV-2. Until such a time, the world is reliant on physical distancing measures and personal protective equipment (PPE). Some countries are using 'track and trace' systems to monitor the movements of people and notify those who have been in contact with somebody diagnosed with COVID-19. Of course, a treatment for COVID-19 is also highly desirable. So researchers from all over the world have been sparing time or resources in looking for ways to defeat the new coronavirus that causes this disease. The objective of this webinar is to provide awareness, information and knowledge to the students and our target audience regarding the development and ongoing researches in this field.

• Webinar invites papers from scholars on the various themes leading to solutions of this pandemic.

• For any query contact to Dr. Bidhan Chandra Samanta,
