## INTRODUCTION

Amul is an Indian dairy cooperative , based at Anand in the state of Gujarat , India . The word Amul is derived from the Sanskrit word Amulya , meaning rare , valuable . The co - operative was initially referred to as Anand Milk Federation Union Limited hence the name AMUL .

Formed in 1946. it is a brand managed by a cooperative body , the Gujarat Co - operative Milk Marketing Federation Ltd. ( GCMMF ) , which today is jointly owned by 3.6 million milk producers in Gujarat .

Amul spurred India's White Revolution , which made the country the world's largest producer of milk and milk products . In the process Amul became the largest food brand in India and has ventured into markets overseas .

Dr. Verghese Kurien , founder - chairman of the GCMMF for more than 30 years ( 1973-2006 ) , is credited with the success of Amul .

Over the years , brands created by cooperative have become synonymous with quality and value . Brands like Amul ( GCMMF ) . Vijaya ( AP ) . Verka ( Punjab ) , Saras ( Rajasthan ) are among those that has earned customer confidence .

## **HISTORY**

**Amul the co-operative registered on 1 December 1946 as a response to the exploitation marginal milk producers by traders or agents of the only existing dairy , the Pokon dairy , in the small city distances to deliver milk , which often went sour in summer , to Polson The prices of milk were arbitrarily determined . Moreover , the government had given monopoly rights to Polson to collect milk from mikka and supply it to Bombay city .**

**Angered by the unfair trade practices , the farmers of Kaira approached Sardar Vallabhbhai Patel under the leadership of local farmer leader Tribhuvandas K Patel . He advised them to form a cooperative and supply milk directly to the Bombay Milk Scheme instead of Polson ( who did the same but gave them low prices ) . He sen Morarji Desai to organise the farmers . In 1946 , the milk farmers of the area went on a strike which led to the setting up of the cooperative to collect and process milk . Milk collection was decentralized , as most producers were marginal farmers who could deliver , at most , 1-2 litres of milk per day . Cooperatives were formed for each village , too .**

**The cooperative was further developed and mnged by Dr. Verghese Kurien with H.M. Dahaya Dalaya's innovation of making skim milk powder from buffalo milk ( for the first time in the world ) and a little later , with Kurien's help . making it on a commercial scale , led to the first modern dairy of the cooperative at Anand , which would compete against established players in the market . Kurien's brother - in - law K.M. Philip sensitized Kurien to the needs of attending to the finer points of marketing , including the creation and popularization of a brand . This led to the search for an attractive brand name . In a brainstorming session , a chemist who worked in the dairy laboratory suggested Amul , which came from the Sanskrit word " amulya " , which means " priceless " and " denoted and symbolised the pride of swadeshi production.**

**The trio's ( T. K. Patel , Kurien and Dalaya's ) success at the cooperative's dairy soon spread to Anand's neighbourhood in Gujarat . Within a short span , five unions in other districts - Mehsana Banaskantha Baroda , Sabarkantha and Surat were set up . To combine forces and expand the market while saving on advertising and avoid competing against each other , the GCMMF , an apex marketing body of these district cooperatives , was set up in 1973. The Kaira Union , which had the brand name Amul with it since 1955 , transferred to GCMMF .**

**In 1999 , it was awarded the " Best of all ' Rajiv Gandhi National Quality Award . Adding to the success , Dr. Madan Mohan Kashyap ( faculty Agricultural and Engineering Department , Punjab Agricultural University Ludhiana ) , Dr. Bonduran ( visiting faculty ) and Dr Feryll ( former . student of Dr Verghese Kurien ) , visited the Amul factory in Gujarat as a research team headed by Dr. Bheemsen & Shivdayal Pathak ( ex - director of the Sardar Patel Renewable Energy Research Institute ) in the 1960s . A milk pasteurization system at the**

**Research Centre of Punjab Agricultural University ( PAU ) Ludhiana was then formed under the guidance of Kashyap .**

## **PLANTS**

**The first plant is at Anand, which engaged in the manufacturing of milk ,butter ,ghee,milk powder, flavoured milk , lassi and buttermilk .**

**Second plant is at Mogar, which engaged in manufacturing chocolate ,nutramul and Amul lite .**

**Third plant is at Kapadvanj, Kheda, Gujarat, which is a plant of cattle feed.**

**Others plant**

- ❖ **Uttam Dan Factory , Sarkhej, Ahmedabad**
- ❖ **Cattle feed plant , Palanpur , banaskantha**
- ❖ **Chees producing plant , Khatraj ,Gujarat**

**Cattle feed plant ,Khadiya , panchmahal**

**AMUL PRODUCTS :-**

**A. Bread Spred**

**AMUL Butter:- Utterly Buttery Decision**

**AMUL Lite:- Low fat ,low cholesterol Bread spread**

**Delicious Table Margine:- The delicious way to eat healthy**

**B. Powder Milk**

**Amul spray infant milk :- Still ,mother milk is best for baby**

**Amul instant full cream milk powder**

**Sagar skimmed milk powder**

**Sagar tea coffee whitener**

**Amulya dairy whitener**

**C. Amul fresh milk :-**

**Amul tazza toned milk**

**Amul standardised milk**

**Amul Mithalmate**

**Amul fullcream milk**

**Amul Gold Milk**

**Amul Tazza Double Milk**

**Amul lite slim and trim milk**

**Amul cool chocolate milk**

**Amul cool flavoured botteled milk**

**Amul cool flavoured tetra pack**

**Amul shakti toned milk**

**D. Cheeses:-**

**Amul pasteurized processed cheese**

**Amul cheese spread**

**Amul emmental cheese**

**Amul pizza mozzarella cheese**

**E. For cooking**

**Amul ghee**

2

**Cooking butter**  
**Amul malai paneer**

## **Market Analysis :-**

**Amul works on the model of being value for money and simultaneously protecting the interest of farmers . It sells a wide range of products making it India's largest food brand .**

**Amul targets mass market of the country by providing best quality available at best available prices . This strategy has helped company attract a lot of customers in the past and will do so in future also . Dairy cooperatives established by Amul catapulted India to prominence on the world dairy map with a 21 % share of global milk output by utilising the collective strength of millions of small and marginal farmers .**

### **Size and Holding :-**

**Amul recorded a turnover of around US \$ 7.3 billion last fiscal year . It's dairy cooperative movement now includes 190,516 village - level dairy cooperative organisations in India , with 16.9 million farmer households as members and 50 million gallons of milk handled per day .**

**These are members of India's almost 245 district - level milk producer's cooperative unions , each of which has at least one dairy plant and is charged with processing and adding value to milk collected by village - level dairy cooperatives .**

## **Customer Analysis :-**

**Every since its foundation , Amul has constantly developed itself in staying relevant for all these years in the minds of consumer .**

**Amul emphasizes the models of providing value for money to the customers and protecting the interests of farmers simultaneously .**

### **Customer Target :-**

<b>Customer</b>	<b>Amul Products</b>
<b>Kids</b>	<b>Chocolate, Amul kool, Amul milk, Milkshake</b>
<b>Women</b>	<b>Amul calci</b>
<b>Youth</b>	<b>Amul pizza, cheese spread</b>
<b>Health conscious</b>	<b>Amul shakti health food drink, Amul lite butter , Nutramul</b>
<b>Colorie conscious</b>	<b>Amul lite , sagar skimmed milk powder and trim milk</b>

### **Target audience:-**

It target the market of India with no premium offerings by providing the best quality product at affordable price .It follows a low-cost price strategy which attracts its consumer and helps Amul in sustaining its competitive advantage.

**Market turnover :-**

The Gujarat Cooperative Milk Marketing Federation (GCMMF), which markets 'Amul' brand of milk and dairy products, registered a turnover of Rs 39,248 crore in 2020-21,

The turnover of the Amul group (GCMMF and member unions) crossed Rs 53,000 crore in the year when it celebrates the 75th year of Amul cooperative movement. GCMMF aims to double its group turnover to Rs 1 lakh crore by 2025, it said after its 47th annual general meeting (AGM).

GCMMF had registered a sales turnover of Rs 38,542 crore in 2019-20, a rise of 17 percent as compared to the previous financial year.

Consolidated turnover of all products sold under the 'Amul' brand was Rs 52,000 crore last financial year.

GCMMF, the apex body of 18 dairy cooperatives in Gujarat, achieves an impressive turnover in the 75th year of the Amul cooperative movement that was born in 1946, leading to its establishment in 1973.

This Cooperative, which began with two small villages collecting just 250 litres of milk per day in 1946, today handles more than 29 million litres of milk on a peak operating day. Today, 75 years hence, Amul is the largest food and FMCG (fast-moving consumer goods) brand in India,"

**AMUL DAIRY PRODUCT :-**

# DISTRIBUTION CHANNEL:-

## **CONCLUSION**

**The AMUL captured the 60 % of the market , Mother Dairy captured 30 % and 10 % are the remaining brands . The customers are loyal towards Amul products and demand of Amul products is also good in the market . But in some area Mother Dairy try to capture Amul customers by providing schemes and freezers to the retailer , so that the retailers sells Mother Dairy products . Due to high demand of Amul pouch dahi and buttermilk retailers are bound to keep Amul products . The company should work on their distribution network and on the replacement policies of the expired and defected products . There should be a proper grievance handling process so that the relationship between retailers distributors remain good .**
