HISTORY OF AMUL

Amul was formally registered on December 14, 1946. The brand name Amul, sourced from the Sanskrit word Amoolya, means priceless. It was suggested by a quality control expert in Anand. Some cite the origin as an acronym to (Anand Milk Union Limited).

The Amul revolution was started as awareness among the farmers. It grew and matured into a protest movement that was channeled towards economic prosperity. It is a dairy cooperative movement in India. It is a brand name managed by an apex cooperative organisation, Gujarat Co-operative Milk Marketing Federation Ltd. (GCMMF), which today is jointly owned by some 2.41 million milk producers in Gujarat, India. It is based in Anand town of Gujarat and has been a sterling example of a co-operative organization's success in the long term. The Amul Pattern has established itself as a uniquely appropriate model for rural development. Amul has spurred the White Revolution of India, which has made India one of the largest milk producers in the world. It is also the world's biggest vegetarian cheese brand.

Amul's product range includes *chocolate, Milk Powder, Milk, butter, cheese, ice cream small batter, ghee, cheese, buns, basundi, Nutramul brand and others*. In January 2006, Amul plans to launch India's first sports drink Stamina, which will be competing with Coca Cola's Powerade and PepsiCo's Gatorade.

Amul is the largest food brand in India with an annual turnover of US \$868 million (2005-06). Currently Amul has 2.41 million producer members with milk collection average of 5.08 million litres/day. Besides India, Amul has entered overseas markets such as Mauritius, UAE, USA, Bangladesh, Australia, China, Singapore, Hong Kong and a few South African countries.
