## **TITLE: *Community Outreach Programme*** **SUB-TITLE: *Dengue Awareness Program in Mugberia Rural Hospital***

The Community Outreach Programme is at the heart of the educational process at Mugberia Gangadhar Mahavidyalaya. Our college offers various age-appropriate opportunities to students to become active and positive contributors to the community.

These opportunities help the students to build a sense of responsibility and sensitivity towards the society. More importantly, students can deepen their understanding of individual leadership, systemic change and social responsibility in the context of a local, national and global multi-cultural society.

Thus we bring you Cleanliness Drives through which we make people aware of the importance and methods of handling waste responsibly and try to take a step towards a cleaner environment.

Students of Political Science Department in Mugberia Gangadhar Mahavidyalaya took an initiative to clean the surroundings of local hospital Mugberia Rural Hospital on 30th January 2024 at 11.00 am.

### **Objectives of the Programme:**

1. Improving the quality of life in rural areas through cleanliness and personal hygiene.
2. To convert unsanitary toilets into the toilets with flush.
3. Create awareness among communities towards sanitation and cleanliness.
4. To bring about behavioural changes in the people towards sanitation and hygiene.
5. Motivating the communities for adopting a proper sanitation model for better health and life.
6. To devise a proper, door to door, waste collection and disposal system, both in villages as well as urban areas.
7. To make necessary changes in the local bodies in order to strengthen their functions and efficiency.

## **Outcomes:**

1. Community Outreach Programme was able to support and inspire students to work for the community thus improving the understanding of the social needs.
2. The Outreach activity was able to spread scientific knowledge of nutrition and health related issues.
3. The Programme helped to mobilize mass awareness on cleaning.
4. This Programme helped the youth to clean their surroundings and make a green environment for all.
