Report on Awareness Workshop on Mushroom Cultivation, 2024

The **Innovation Council** and the **Department of Chemistry** of Mugberia Gangadhar Mahavidyalaya, in collaboration with the **District Horticulture Office, Purba Medinipur**, successfully organized an **Awareness Workshop on Mushroom Cultivation** on 6th February 2024.

The workshop aimed to popularize mushroom cultivation as a sustainable and profitable agricultural practice. Experts from the District Horticulture Office provided insightful presentations on the cultivation techniques, nutritional value, and economic benefits of mushroom farming.

Students and faculty members actively participated in the interactive sessions, where they learned about various species of edible mushrooms, substrate preparation, cultivation methods, and post-harvest management.

The event was highly informative and inspired many participants to explore mushroom cultivation as a viable livelihood option. The Innovation Council and the Department of Chemistry extend their gratitude to the District Horticulture Office and all participants for making the workshop a success.
