Green Campus Initiatives

2021-2022

1. Use of earthen utensils instead of plastic bottles in the college to promote environmental sustainability.

Report

Sl No	Date	Name of Programme & Organized by	Number of participants	Outcome
1		Use of copper flask and clay utensils instead of plastic bottles in the college to promote environmental sustainability.	Teaching and non-teaching staff	Dependence on these utensils as an alternative method of water consumption will reduce use of plastic bottles inside the campus. We have been consistently incorporating this environment-friendly measure from 2021 to the present day.
